## Board-Staff Communications

The Board desires to maintain an open channel of communications between itself and staff. The basic line of communication will be through the superintendent. However, this policy does not restrict protected labor relations communications of bargaining unit members. This procedure is designed to insure that the superintendent is kept informed of concerns and information that is directed to the Board. The superintendent will develop and recommend to the Board processes for communications between the Board and district employees

Communications or reports to the Board or Board committee from any staff member or members should be submitted through the superintendent. This procedure should not be construed as denying the right of any employee to address the Board about issues which are neither part of an active administrative procedure, nor disruptive to the operation of the district.

All official Board communications, policies and directives of staff interest and concern will be communicated to staff members through the superintendent. The superintendent shall employ all such media as are appropriate to keep the staff fully informed of the Board's concerns and actions.

END OF POLICY
