

**FROM THE PRINCIPAL**

Dear Parents and Community Members,

We are proud to inform you that Sisters Elementary School continues to be among the top of Oregon schools. We finished the second year of the Smarter Balanced Assessments in Math and English. The tests measure more complex, real-world skills such as critical-thinking, writing, and problem solving. Oregon schools raised the bar to make sure our students are prepared for college and the work place. For this reason, some scores may look lower this year. However, just like we saw with OAKS, these results will improve over time as students and teachers rise to the challenge of these higher expectations. It's important to remember that we are still in transition. These results represent a new baseline for all Oregon students and provide a clearer picture of the path that

they need to be ready for college and career readiness.

We promise to continue to deliver excellence at Sisters Elementary School, putting kids first in everything that we do! Further, we will work to improve our instruction in ways that positively impact student learning, individual growth and success through continued school improvement and implementing research based instructional strategies. We look forward to partnering with you to ensure all of our students reach their fullest potential.

Thank you,

Principal | Becky Stoughton

**OVERALL SCHOOL RATING**

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.
