Athletic Mission

To Teach, Compete with Honor and Dignity, Serve Community, and Pursue Excellence UPDATED 6-9-19

Please consider participation in the **Outlaw Black and White Club.**

These proceeds will allow us to continue to operate first-class athletic programs for all our students. Why support athletics?

- They provide academic support and stress excellence in the classroom
- They attach students to their school and give them a sense of place
- They provide leadership opportunities for our young people
- The impact athletic activities have on a student's development and emotional well-being last a lifetime
- Over 80% of our students participate in co-curricular activities

Why is there a need for funding?

- Within Sisters School District there is a significant shortfall in funding for co-curricular programs from the state level. Many portions of our district programs rely on fundraised dollars for scholarships, equipment, officials, transportation, facilities, maintenance, coaches, and supplies.
- Through the Sisters Schools we coordinate to offer programs that host a number of tournaments, games, and clinics that bring over 15,000 people to town each year, which in turn helps support our local business and economy. With your support we can continue to offer and grow these programs to include more students and attract more people to Sisters. Because of our unique location, Sisters has the capacity to become a destination location for athletic competitions, camps, and training sessions.
- Sisters School District is a non-profit entity and that makes donations tax-deductible.
