FROM THE PRINCIPAL

Dear Parents and Community Members,

We are proud to inform you that Sisters High School continues to be among the top in the state of Oregon. The Smarter Balanced Assessment in math and English measures complex, real-world skills such as critical-thinking, writing, and problem solving. Oregon schools raised the bar to make sure our students are prepared for college and the work place.

We are certainly very proud of our accomplishments. Yet, we continue to strive to improve. Eighteen of our teachers attended various summer institutes to enhance their learning in the areas of critical reading and writing strategies through AVID, mathematic

and analytical strategies for those who attend the math studio workshop, and we had two teachers attend the Advanced Placement institute this past August . We are committed to deliver excellence at Sisters High School, putting kids first in everything that we do! Further, we will work to improve our instruction in ways that positively impact student learning and individual growth and success by aligning our instruction to the Common Core State Standards, enhancing the systematic method to improve relationships and implementing research based instructional strategies. We look forward to partnering with you to ensure all of our students reach their fullest potential.

Thank you,
Principal | Joe Hosang

The Oregon Department of Education (ODE) will not assign summative, overall ratings to schools on the 2016-17 report cards given the upcoming implementation of the Every Student Succeeds Act (ESSA) in 2017-18. However, the ODE will report indicator ratings (e.g., achievement, growth, graduation, etc.) for each school and student group on the 2016-17 Report Card (RC) Rating Details reports. These reports are accessible at <http://www.oregon.gov/ode/schools-and-districts/reportcards>. For more information about ESSA and the redesign of the school and district report cards, please visit <http://www.oregon.gov/ode/rules-and-policies/ESSA>.
