Dear Sisters Schools Community,

We just received word from Oregon Health Authority of a presumptive case of COVID-19 in Deschutes County. Our thoughts are with the individual who has been diagnosed as we are all hoping for a healthy recovery. Their full media release can be viewed [here](#).

We continue to be in continual with local Public Health agencies, Oregon Health Authority, Oregon Department of Education and the Centers for Disease Control (CDC).

At this time, there is no known nexus to our schools and we will remain open, per [Oregon Health Authority and Oregon Department of Education recommendations](#). We will continue to follow this guidance and be in regular communication with our local public health partners regarding the dynamics of this situation.

Access to accurate, timely information about COVID-19 is critical for all of us. Our [County Public Health](#) experts point to the [Oregon Health Authority](#) and the [Centers for Disease Control and Prevention](#) as good sources of information. www.coemergencyinfo.blogspot.com provides a collective resource for up-to-date information.

Thank you for your continued support as we navigate this emerging issue.

Regards,

Curt Scholl
