

Sisters School District

“Home of the Outlaws”

Curtiss Scholl
Superintendent

March 20, 2020

Dear Sisters Schools Community,

I want to send my thoughts and concerns out to all that are feeling the impact of the COVID-19 pandemic. From concerns about loved ones health, to the economy, to length of business and school shutdowns, these are challenges that we are all facing together.

The Oregon Department of Education has expressed their understanding of these unprecedented times and the need for flexibility as we move forward. Sisters School District understands that this flexibility is necessary and we will continue to advocate to honor all the strong work our students have done as we think about what the end of this school year looks like and as we plan for the future. Although none of us have the answers yet, we will continue to advocate for what is right for our school community and communicate updated information as we get it.

Currently, Sisters School District staff are out of the building as we do our part to combat community spread of this virus.

After our spring break, on April 6th, our staff will begin work to develop core supplemental work to send out to our students. Again, it is our goal to get supplemental materials out as quickly as possible and estimate that we should start disseminating materials no later than Wednesday, the 8th. Additionally on April 6th, Sisters School District will resume our support of students in need of food.

Access to accurate, timely information about COVID-19 is critical for all of us. Our [County Public Health](#) experts point to the [Oregon Health Authority](#) and the [Centers for Disease Control and Prevention](#) as good sources of information. www.coemergencyinfo.blogspot.com provides a collective resource for up-to-date information. Oregon Department of Education has an FAQ page at: <https://www.oregon.gov/ode/students-and-family/healthsafety/Pages/COVID-19-FAQ.aspx>

Thank you again for your continued support and understanding as we navigate this rapidly changing crisis.

Regards,

Curt Scholl
Superintendent
Sisters School District
