Dear Sisters Schools Community,

I hope this message finds you and your family well. I am so proud of our community. I thank you for doing your part for partnership of the education of our children and the safety of our community. I shopped at a local grocery store just the other day and what I noticed was the respectful social distancing of my fellow shoppers. The second impression was the number of people wearing facemasks, which told me that people understood the importance of these times. The final observation was the number of people who offered encouraging words to the school district about the importance of education and trying to create a sense of normalcy during this time of school closure.

As I reflect on the importance of education during our stay at home directive, I again want to thank you for being our “teachers” at home. As I listen to the stories shared by teachers and principals, I am so proud of the commitment you are making in our partnership to educate our students.

I would like to hear your feedback on our Distance Learning rollout and other topics. I invite you to take advantage of the virtual Superintendent's Coffee that will be held tomorrow at 10:00 am. Join the Zoom meeting at:

The Sisters School District will continue to focus on our Strategic Plan core values:

1. Investing in **relationships** that support every student’s growth and sense of belonging
2. Create extraordinary learning experiences that **make learning real**
3. **Empower and support students and staff** to become the best versions of themselves
4. **Prepare** students to be courageous individuals, effective communicators, critical thinkers, and problem solvers for life

Sisters School District is still supporting students with grab-and-go breakfast and lunches that can be picked up at Sisters Elementary School. We are now serving both breakfast and lunch from 10:30 - 11:30 am daily.

Please take the time to take care of yourselves and those that you love. I am thankful that as parents / guardians, teachers, support staff, and community. We are committed to our learning partnership.

Stay Safe,

Curt Scholl
