

Viewing your student's schedule and final term grades using Tyler SIS

Start here if you DO NOT have a Tyler SIS account:

For those of you who are new to Sisters School District or have never created a Tyler SIS account, please email admissions@ssd6.org to receive an email from our Student Information Coordinator with instructions on how to create an account, or if you have any questions, or are having difficulty with your log in.

Start here if you have created a Tyler SIS Account:

For those of you who have created a Tyler SIS account either this year, or sometime between 2017 and now, you will use the link below to log into your parent portal.

- Go to <https://sdm.sisk12.com/ORSS360x3/login>
- Click Parents on the navigation bar
- Click SIS Parent Portal
- Enter your username and password. (username will be your email address on file with the school when you registered our child)
- Once you have successfully logged on, use the menu bar at the top to select your child and the area which you would like to view.
- If you have any questions or difficulty with your login, please email admissions@ssd6.org

Once you have created an account, download the Tyler SIS Student 360 App on your smart phone for easy access to schedule and grades.

- When you first install Tyler SIS Student 360, you will search for your district by zip code (97759).
- Once logged in, you will see a summary screen. Use the menu bar on the top left to search grades (S1 or S2).
- Remember, Tyler SIS is for **FINAL** grades only. All progress grades can be found on Canvas throughout the term.
