

Sisters School District

“Home of the Outlaws”

Curtiss Scholl
Superintendent

April 2, 2021

Dear Sisters Schools Community,

As we return from our break, we are excited to share that the 3ft of physical distancing that was recommended by the CDC has made it into the RSSL. Additionally, our county metrics continue to stay in the range that allows the Sisters School District to shift to 3ft of physical distancing in our classrooms.

Starting April 12th, all students (K-12) will attend 4 days a week, Monday through Thursday. We are so excited to continue to move to more in-person instruction for all of our students. Building principals will communicate the specifics of their buildings schedules in the days to come.

Fridays will continue to be pushout, professional development and common planning time for our staff. This time has been critical for staff to meet at the various age groups to be sure that pacing and progress of all of our students is consistent.

Navigating the 90 pages of the Ready Schools, Safe Learners guidance has not been a simple task. Once again, I want to thank our staff for their hard work and their continued focus on supporting our students.

Remember, our schools are an eco-system consisting of a wide range of people from our community. Although the current case counts allow us more access, this is a time to remain vigilant around COVID protocol. This vigilance is why we have had success in reopening our schools, to move forward with athletics and activities and now have more in-person instruction for our students.

Stay safe,

Curt Scholl
Superintendent
Sisters School District
